Who We Are

The **Syracuse University Environmental Finance Center (SU-EFC)** enhances the managerial and financial capacity of regional and local governments, nonprofit organizations, and local residents to improve environmental infrastructure, services, and quality of life.

Founded in 1993, **SU-EFC** operates at the intersection of science, policy, and communications, guided by a strong commitment to equity and environmental justice. We build capacity by providing technical assistance and tools to help local leaders make informed decisions that support community resiliency.

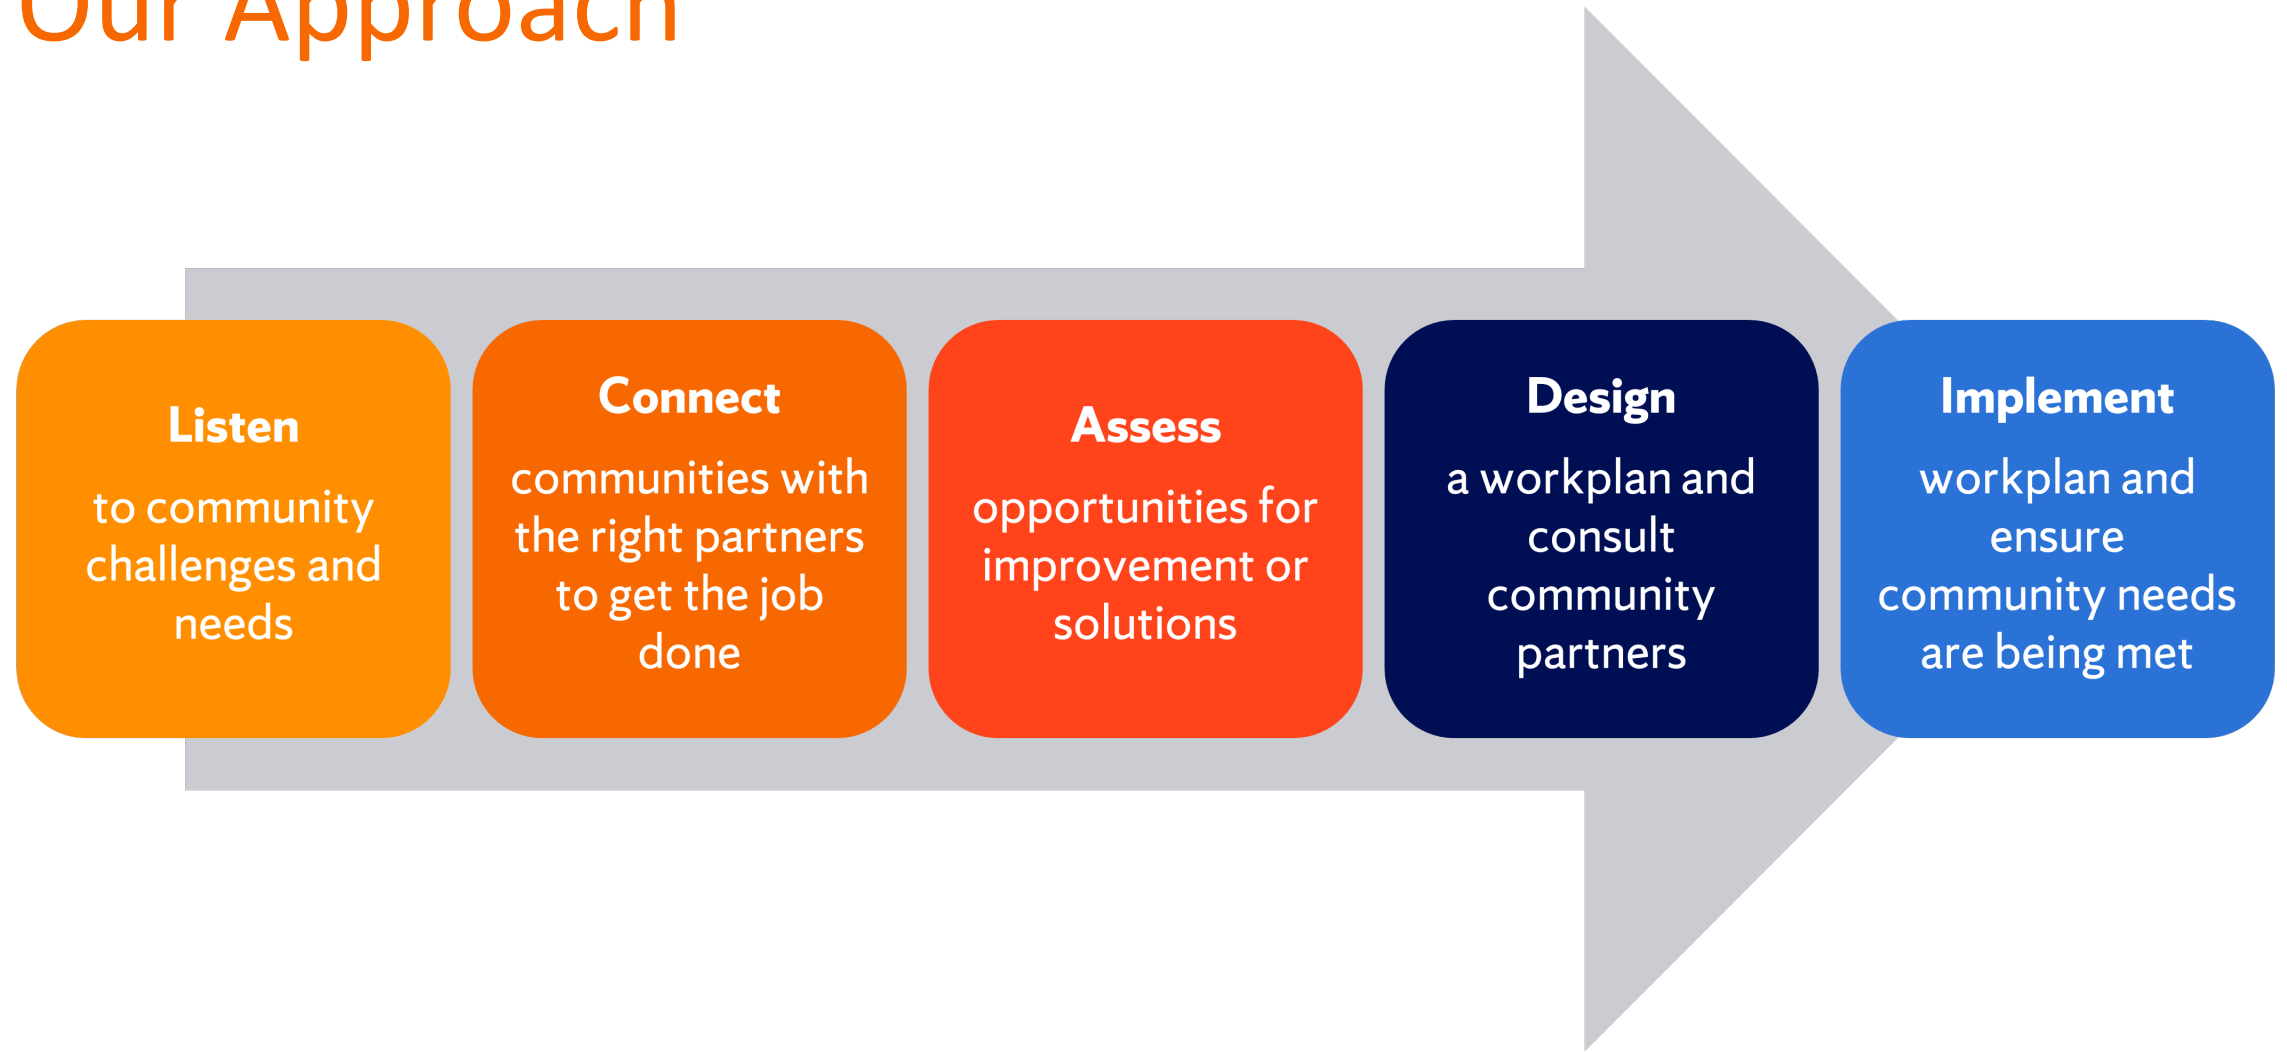

Tackle Your Water and Climate Challenges Head-On: Get Help From Our Team!

- Assistance is **free** for communities in EPA Region 2
- We use a **flexible approach** tailored to your community's goals
- Our team of providers have **expertise** across engineering, community engagement, funding & finance, and more!

Our Approach

Interested in learning more about this national effort?

- Check out the US EPA's [WaterTA webpage](#) to learn more about equitable infrastructure funding under the Bipartisan Infrastructure Law (BIL)
- Pick up a [TA postcard](#) or talk to SU-EFC staff to learn more about our expanded services

A graphic with a white background and a blue and green wave at the bottom. On the left, it says 'FREE ASSISTANCE' in large blue letters, followed by 'Tackle your water and climate resilience challenges'. Below that, it describes the services offered by the Syracuse University Environmental Finance Center. On the right, there is a dark grey box with an orange header 'ASSISTANCE AREAS' and a list of five service areas.

FREE ASSISTANCE
Tackle your water and climate resilience challenges

The [Syracuse University Environmental Finance Center](#) offers a full range of services available to communities in EPA Region 2. Our team of experts work hand-in-hand with elected officials, utility directors, and other community stakeholders to set priorities, develop projects, secure funding, and communicate with stakeholders at every step of the way.

ASSISTANCE AREAS

- *Community Engagement & Communication*
- *Climate Readiness*
- *Training & Professional Development*
- *Project Planning, Development, & Management*
