## **NYS Woodsmen's Field Days Educational Forestry Seminars and Recharge Station, August 21-23, Boonville**

WATERTOWN, NEW YORK – The NYS Tug Hill Commission, NYS Department of Agriculture & Markets Wood Products Development Council, and the Northern Oneida County Council of Governments have partnered to bring two full days of educational forestry seminars, forestry-related non-profit organizations, and a new “recharge station” with device chargers and a water bottle filling station to the 2026 NYS Woodsmen's Field Days August 21 through 23. With a new location in the Wagoner Show Barn, field days visitors are invited to stop by for free talks on a variety of topics, from forestry services for landowners, updates on American Chestnut research, trail camera wildlife monitoring with Snapshot NY, just to name a few topics. Attendance for the forestry seminars is free, but participants must gain admission to the event venue. For the full list of topics, presenters, and times, please visit the Woodsmen's Field Days website at [woodsmensfielddays.com/](http://woodsmensfielddays.com/) or the Tug Hill Commission's website at [tughill.org/upcoming-workshops/](http://tughill.org/upcoming-workshops/).
